

JOSH LYONS, SENIOR PROJECT MANAGER

Josh has ground-up experience in the construction industry constructing custom Log Homes in Colorado & Texas. Josh transitioned to high end custom residential construction, including one of the homes in the 2007 Parade of Homes. From there he made the jump to Restoration Reconstruction in 2008 and has been around it ever since. Josh's breadth of knowledge on residential and commercial construction makes him an invaluable asset to any construction project.
